8.1. All Orders placed by the Client shall be transmitted for execution to another party (Liquidity Provider) hence the Company shall not be executing your Orders as counterparty in the Transaction against you.

8.2. You acknowledge and agree that each Transaction conducted on the Trading Platform, including the placing of an Order, is comprised of first, an offer by you to us to complete a Transaction (whether such offer is to open a Transaction or close an open Transaction) at a certain price quoted on the Trading Platform, and our subsequent acceptance of your offer. A Transaction will be deemed to have been completed only when your offer has been received and accepted by us. Our acceptance of an offer will be evidenced by our confirmation of its terms to you and its completion.

8.3. We will be under no obligation to, but may in our absolute discretion, provide quotes for, or accept, execute or cancel, all or any part of a Transaction that you have requested through the Trading Platform without giving any reason. You may request to cancel or amend a Transaction at any time prior to our completing such a Transaction. We shall be entitled, but not obliged, to accept such a request in our sole discretion.

8.4. We reserve the right to void from the outset any Transaction containing or based on any Manifest Error. In the absence of our fraud or willful default, we will not be liable to you for any loss, cost, claim, demand or expense following any Manifest Error.

8.5. You acknowledge that all prices and quotes shown on the Trading Platform are indicative only of actual trading prices in normal market size and are subject to constant change. The Company provides quotes by taking into account the Underlying Asset price, but this does not mean that these quotes are within any specific percentage of the Underlying Asset price. When the relevant Underlying Market is closed, the quotes provided by the Company will reflect what the Company thinks to be the current Bid and Ask price of the relevant Underlying Asset at that time.

8.6. You shall comply with any restrictions that we notify to you from time to time with respect to your activities on the Trading Platform, including without limitation, the size of Transactions or other conditions that may apply to our quote. You acknowledge that we may offer to and impose on each user, in our sole discretion, different terms and restrictions with respect to their use of the Trading Platform.

8.7. You acknowledge that the Trading Platform is independent of any Underlying Markets and we are under no obligation to quote a particular price or follow the trading rules consistent with such Underlying Markets. You further acknowledge that the triggering of your Transaction is linked to the prices we quote on the Trading Platform, not the prices quoted on the relevant Underlying Markets. In determining whether the prices quoted on the Trading Platform reach or exceed the price accepted by us in a Transaction, we will be entitled (but not obliged), in our absolute discretion, to disregard any prices quoted by us during any pre-market, post-market or intra-day auction periods in the relevant Underlying Markets, during any intra-day or other period of suspension in the relevant Underlying Markets, or during any other period that in our reasonable opinion may give rise to short-term price spikes or other distortions. Our prices may differ from the current prices on the relevant Underlying Markets and you acknowledge that a Transaction may be triggered even though:

(a) An Underlying Market never traded at the level of your Transaction; or

(b) The Underlying Market did trade at the level of your Transaction but for such a short period that it would have been impractical to execute an equivalent transaction on the Underlying Markets.

8.8. When you complete a Transaction on the Trading Platform, you agree that you are not dealing on a recognized exchange.

8.9. You acknowledge that any prices quoted on the Trading Platform are set by the Liquidity Provider in its reasonable discretion, taking into account a variety of factors including prevailing market conditions and trading demand on the Trading Platform. You undertake and agree not to use the prices quoted on the Trading Platform for any purpose other than for your own trading purpose, and you agree not to redistribute our prices to any other person whether such redistribution is for commercial or other purposes.

8.10. You acknowledge that each Transaction is made for a specified number of units that constitute the Underlying Asset. You may only complete Transactions on the Trading Platform for the minimum number of units as set forth on the Trading Platform as the "Unit Amount", and in multiples of such "Unit Amount" up until the maximum amount permitted by the Trading Platform. You acknowledge and agree that we may set, in our sole and absolute discretion, the "Unit Amount" for each Underlying Asset.

8.11. Each Transaction opened by you, and any Transaction completed, will be binding on you notwithstanding that by opening the Transaction you may have exceeded any credit or other limit applicable to you or in respect of your dealings with us.

8.12. Subject to Paragraph 8.15 you may request a quote to open or close a Transaction for a particular Underlying Asset, at any time during the Trading Hours for such Underlying Asset. We will be under no obligation to but may, in our absolute discretion, provide a quote and accept and act on your offer to open or close a Transaction for an Underlying Asset outside of the Trading Hours of such Underlying Asset. In some cases, Transactions may only be traded during the time when the relevant Underlying Market where the Underlying Asset traded is open. Trading Hours are displayed on the Trading Platform under the details link for each specific Underlying Asset. It is your responsibility to ensure you are aware of which Underlying Asset may be affected.

8.13. Without prejudice to any of our right hereunder, if, prior to the acceptance of your offer to open or close a Transaction, we become aware that any of the factors set out in Paragraph 8.14 have not been met, we reserve the right to reject your offer outright. If we have, nevertheless, already opened or closed a Transaction prior to becoming aware that a factor set out in Paragraph 8.14 has not been met, we may, in our absolute discretion, either treat such a Transaction as void from the outset or close it at our then prevailing price. However, we may, in our absolute discretion, allow you to open or, as the case may be, close the Transaction in which case you will be bound by the opening or closure of such Transaction, notwithstanding that the factors in Paragraph 8.14 were not satisfied.

8.14. The factors referred to in Paragraph 8.13 include the following:

- (a) the quote must be obtained via the Trading Platform or by such other means as we may from time to time notify you;
- (b) your offer to open or close the Transaction must be given while the quote is still valid;
- (c) the quote must not contain a Manifest Error;
- (d) when you offer to open a Transaction, the number of units in respect of which the Transaction is to be opened must be neither smaller than the minimum unit amount specified on the Trading Platform

for the Instrument, as applicable, from time to time, nor greater than the amount permitted in accordance with the terms of this

Agreement;

(e) when you offer to close part but not all of an open Transaction both the part of the Transaction that you offer to close and the part that would remain open if we accepted your offer must not be smaller than the minimum unit amount specified on the Trading Platform;

(f) Force Majeure Event must not have occurred when you offer to open or close a Transaction;

(g) an Event of Default must not have occurred in respect of you,

(h) when you offer to open any Transaction, the opening of the Transaction must not result in your exceeding any initial or maintenance margin amount, credit or other limit placed on your dealings;

(i) subject to Paragraph 8.12, your offer must be given to us during the Trading Hours for the applicable Underlying;

Asset in respect of which you offer to open or close the Transaction;

(j) the internet connection or communications are not disrupted;

(k) there is no request of regulatory or supervisory authorities of Seychelles or a court order to the contrary;

(l) the legality or genuineness of the Order is under not under doubt;

(m) there are Normal Market Conditions; and

(n) any other reasonable factor that we, in our sole discretion, notify you from time to time.

8.15. If, before your offer to open or close a Transaction is accepted by us, our quote moves to your advantage (for example, if the price goes down as you buy or the price goes up as you sell) you agree that we can (but do not have to) pass such price improvement on to you. The effect of such action being that the level at which you offer to open or close a Transaction will, upon acceptance by us, be altered to the more favorable price. You acknowledge that it is in your best interests for us to alter the level of your offer in the manner contemplated in this Paragraph and you agree that any offer altered in accordance with this Paragraph, once accepted by us, results in a fully binding agreement between us. Without derogating from the foregoing, you acknowledge that it is within our complete discretion as to when we will pass on a price improvement to you. You should also note that we will only pass on a price improvement within allowable limits.

8.16. Use of any robots, spiders or other automated data entry system with the Trading Platform is expressly prohibited. All Transactions must be completed manually by you. Any Transaction completed through such use of an automatic data entry system shall be null and void. Upon a breach of this Paragraph 8.16, we may immediately close all or any of your accounts held with us of whatever nature, terminate the Client Agreement(s) without notice and refuse to enter into further Transactions with you. Furthermore, any monies held in your Trading Account shall be frozen and we shall be entitled to deduct any amounts from your Trading Account in order to set off any loss, damages or expenses incurred as a result of a breach of this Paragraph. Any remaining monies in your Trading Account will be returned to you in accordance to this Client Agreement.

8.17. The Company is under no obligation, unless otherwise agreed in the Agreement, to monitor or advise the Client on the status of any Transaction or to close out any Client's Open Positions. When the Company decides to do so, this will be done on a discretionary basis and will not be considered an undertaking of an obligation to continue. It is the Client's responsibility to be aware of his positions at all times.

8.18. Insolvency. If a Company whose Underlying Asset forms the FX and CFD goes into insolvency or is otherwise dissolved, we shall close any such of your open Transactions in FX and CFD of that Underlying Asset. The closing date shall be the date of insolvency.

8.19.2. Clients understand that Corporate Actions inevitably affect the price movement of an underlying asset and accept that, for the purposes of this Agreement, deliberately taking advantage of Corporate Actions while trading with BDSwiss is a form of abusive trading which may trigger any of the actions listed under paragraph 8.19.

Should abusive trading in the above form, or any intent to do so, be suspected, the Company may, in its sole and absolute discretion, (a) adjust or refuse to accept or close any open positions, (b) adjust swap charges on equities or indices CFDs for any Client's trading account(s), (c) reverse and/or subtract, even retrospectively, any cumulative profits derived in such a way from a Client's balance.

Clients understand that they are solely responsible for checking any available information on Corporate Actions that may affect their positions and the Company has no obligation to proactively contact its Clients holding any such positions.

8.20. The Company will use reasonable efforts to execute an Order, but it is agreed and understood that despite the Company's reasonable efforts transmission or execution may not always be achieved at all for reasons beyond the control of the Company.

8.21. The Company reserves the right to adjust swap charges on equities or indices CFDs for any Client's trading account and/or reverse any cumulative profits derived if it suspects that the particular Client is deliberately attempting to take advantage of any Corporate Actions (i.e. ex-dividend, share split etc) affecting the price movement of the underlying assets.

9. ARBITRAGE

9.1. Internet, connectivity delays, and price feed errors sometimes create a situation where the price displayed on the Trading Platform does not accurately reflect the market rates. The concept of arbitrage and or taking advantage of these internet delays cannot exist in an OTC market where the Client is buying or selling directly from the principal. The Company does not permit the practice of arbitrage on the Trading Platform. Transactions that rely on price latency arbitrage opportunities may be revoked, without prior notice. The Company reserves the right to make the necessary corrections or adjustments on the Account involved, without prior notice. Accounts that rely on arbitrage strategies may at the Company's sole discretion be subject to the Company's intervention and the Company's approval of any Orders. Any dispute arising from such quoting or execution errors will be resolved by the Company in their sole and absolute discretion.

9.2. The Company shall have no obligation to contact the Client to advice upon appropriate action in light of changes in market conditions or otherwise.

9.3. The Client agrees to indemnify and hold the Company, its affiliates and any of their directors, officers, employees and agents harmless from and against any and all liabilities, losses, damages, costs and expenses, including legal fees incurred in connection with the provision of the services under these Terms provided that any such liabilities, losses, damages, costs and expenses have not arisen for the Company's gross negligence, fraud or willful default.

10. PROHIBITED TRADING

10.1. The Client agrees and acknowledges that the service provided by the Company to the Client hereunder is not adapted for certain trading techniques commonly known as "arbitrage trading", "picking/sniping" (Snipping: the situation where the Client is prematurely buying or selling near preset prices). In the event of the Client employing such techniques, the Client agrees and acknowledges that the Company may at the Company's sole discretion take one or more, or any portion of, the following actions:

- a) Close Client's Account;
- b) Suspend the Client's account for an indefinite period of time;
- c) Carry out an investigation on the Client's account for an indefinite period of time;

11. UNTRUE TRADES

11.1. The Company shall have the right to annul and/or reverse any trades which are deemed untrue or opened at a fictitious price not existing on the market at the time of opening. Such cases include but are not limited to trades based on a non-market Quotation or based on latency trading (such as old prices).

14. COPY TRADING

This paragraph sets out the specific terms that shall apply to the Client (in this Section, hereafter referred to as 'You' or the "Follower") when using the Copy Trading functionality of the Company.

14.1. General

14.1.1 When using the Copy Trading Services, the Client agrees to use our Portfolio Management Services.

14.1.2 The Company provides the Client with the capacity to interact, follow and copy other traders and strategies by using the information of your Partner (in this Section hereafter referred to as "the Master" or "the Partner" or "Trader"). The information will include detailed account information, trading histories, risk profiles, and other information in relation to traders and/or strategies that may be useful to the Client when deciding whether to copy a Trader and/or strategy.

14.1.3 Copy Trading is a trading functionality which allows you to copy the account of other traders. You do this by copying a specific BDSwiss trader account. By placing a Copy Order, you authorize the Company to automatically adjust your account to the account of the trader selected for copy without any prior approval. This will be done on a pro rata basis with the same products and the same trading instructions. For example, you may start copy trading, stop copy trading at any time you wish.

14.1.4 For better understanding please read paragraph 14.2 - "Copy trading", and paragraph 14.7 - "Placing an order" for more information on how to place a copy trade on our platform.

14.2. Copy Trading Services

14.2.1 The Copy Trading Service allows the Client to copy trades on the Company's platform in one way:

a. Copy a Partner: where you can choose to copy the orders in an account of your Partner. For more information, please refer to paragraph 14.7 - "Placing an order".

14.3. Classification of Trade

14.3.1 The Copy Trading Services may result in trades in a number of financial instruments. Each trade opened on the Client's behalf as part as the Copy Trading will usually be classified under the same asset class as classified in the copied account.

14.3.2 If you are restricted from trading a certain asset class due to Applicable Law or other regulatory requirements, then the Company will take reasonable steps, where permitted by Applicable Law, to ensure that an equivalent or similar trade is opened to replace the restricted trade.

14.3.3 You should read the General Terms and Conditions and the Schedule which applies to the underlying instrument for more information.

14.4. Limitations

14.4.1 The Company does not provide personalised investment recommendations, investment advice, tax-related advice or other financial related advice of any kind. Any explanation or information which the Company gives to you as part of a copy trade, or about the performance of the copy trade is not intended to be and should not be considered as advice. This information is provided by the Company solely for informational purposes.

14.4.2 You should use any information gathered from our website as a starting point for your own independent research and investment decision-making. However, you should not make investment decisions based on information provided on the Company's platform.

14.4.3 The Company will take reasonable steps to monitor the performance of any copied trader, as well as the performance of the different trading strategies and portfolios. We reserve the right to pause, stop, or block any Partner of the Company from being copied or any Client /Follower from copying a Partner.

14.5. Risks of Copy Trading

14.5.1 In making a decision to copy a specific Partner and/or strategy, you should consider your financial situation, including your financial commitments. You should understand that Copy Trading is highly speculative and that you could sustain significant losses exceeding the amount used to copy a Partner as a result of the following:

- a) it will involve automated trading execution whereby trades are opened and closed in your account without your manual intervention, unless the Client uses Copy Trading Services without performance fees.
- b) Copied trades in amounts lower than the minimum trade will not be opened.
- c) You will only copy newly opened trades from the point the Copy Trading has been activated for you. Older trades will not be copied.
- d) The Copy Trader functionality may generate a materially different result than the trader that you copied. This is due to a number of different factors including starting account balance, minimum trade size, the investor's account settings, differences in spread, interest and investment price at time of investment, and also the difference in fees that may be incurred.
- e) Following/copying the trading decisions of inexperienced and/or unprofessional traders; and/or
- f) Following/copying traders whose ultimate purpose or intention, or financial status may differ from yours.

14.5.2 The Company is unable to provide any guarantee as to the performance of any particular investment, account, portfolio, or strategy.

14.5.3 Past performance, risk scores, statistics and any other information with respect to BDSwiss Traders under our Copy Trader functionality, are not reliable indicators of future performance. The Company does not represent or guarantee that you will achieve profits or losses like those shown on the BDSwiss trader or portfolio that you are copying. The Company also does not represent or guarantee that the risk score of a trader will accurately reflect the risk of their future performances.

14.6. Conflicts of Interest

14.6.1 The Company is required to act in your best interest when providing our services. However, there may be instances where your interest conflicts with our interests, or with another client's interest. For example, with respect to copy trading, we may compensate the most followed BDSwiss Traders who you and/or others have elected to follow and/or copy.

14.6.2 Please refer to the Company's Conflict of Interest Policy for more information on the conflicts of interest that may apply to our Services.

14.7. Placing an Order

14.7.1 Before you enter into the Copy Trade, you will need to deposit the amount of money you would like to invest in that copy trade and choose how you would like to copy. The Company will then automatically execute orders for you in the proportion or percentage you have chosen which means the Company will not obtain your confirmation before executing. The opening of such transactions shall not require any prior consultation, consent or approval. Trades below the minimum trade amount shall not be opened.

14.7.2. Copy Trading Restrictions

There are a number of order restrictions when Copy Trading, the Restrictions are often inherent to the system functionalities or for regulatory purposes. The Company shall not be held responsible nor liable for such restrictions and the resulting consequences.

The Restrictions are the following:

- a) There may be rare cases where the connection of the system fails to copy the trade from Master to Follower accounts. In this event, the Company shall not be held responsible nor liable for the trade not copied. The Client acknowledges that the connection or system failure may affect all or part of the trades,

the opening or closing time or the execution in any other way. The Company shall inform the Client to contact the Company immediately, and the Company shall conduct its best effort to rectify the situation.

- b) The Master and Follower must both have the same account type, be on the same server and be under the same entity.
- c) The minimum and maximum amount that can be invested in any BDSwiss trader that you copy, the minimum amount on any single copy trade, and the maximum number of traders that you can copy.
- d) The system can only open the minimal size of trades for the given symbol (i.e. for forex cannot open less than 0.01)
- e) The system will round to the closest size it can (i.e. if the equity of copier is 50% and the Master opened 0.03, the system cannot open 0.015, but will round the trade size to 0.01).
- f) If the Follower account (the copier) does not have enough 'free margin' to open the proportion, then the system will reject the deal.
- g) The Follower account may execute at a different price to the Master, depending on market volatility between the time the Master places a trade and the system copies the trade.

14.7.3 When you are using our Copy Trading Services, you can choose to copy only new trades which are opened after you begin to copy the Trader's account. This means that the Company will not copy any trades in the Trader's account which were entered into before this point.

14.7.4 If you are copying only new trades:

- a) The Company will attempt to open your positions at the same time as the trades being copied, we will open your position at the best available price at the time of copying; and
- b) all instructions and actions related to the copied trade will automatically be replicated in your account (subject to the trade size as explained above), including stop losses, take profits and the closing of trades. For example, if a trader that you are copying extends their stop loss by adding more funds to their account then your stop loss will be adjusted automatically to reflect this. However, your position amount will remain the same as its initial amount.

14.7.5 The Copy Trading Services has a number of other functionalities that the Company may make available to the Client from time to time. However, we may add, remove, or change the availability and features of these functionalities, at our discretion. This may impact how you can use the Copy Trading Services on our platform, for example whether you can copy all trades or only new trades of a trader.

14.7.6 If the Client follows a Performance Fee structure, the Client acknowledges that the account will be placed on 'read only' from the date the Client starts copying. A read-only account will prevent the Client from accessing certain features of his/her Trading Account, including but not limited to placing / closing orders, withdrawing funds, during the copy time and until the Client presses the 'Stop button' via his/her personal dashboard, then the read-only status shall be removed. The Client understands and acknowledges that any outstanding performance fees will be deducted from his /her balance before the read-only status is removed.

14.8 Stop Copy Trading

- a) For Copy Trading Service with Performance fees, and in accordance, in particular, with paragraphs 17.7.2, 14.7.6 & 14.10 herein, the Client may Stop Copy Trading at any time, by pressing the "Stop Button" from the relevant section of his/her personal dashboard. The Client acknowledges that it may take up to two (2) business days for the termination of the Service to be effective. The open positions shall then be automatically closed within one (1) business day during the Market Opening Period, and the Client shall recover Full Access to his/her Trading Account.

b) For Copy Trading Service without Performance Fees, the Client may Stop Copy Trading at any time, by pressing the "Stop Button" from the relevant section of his/her personal dashboard. The Client acknowledges that it may take up to two (2) working days for the termination of the Service to be effective. Considering that the Client maintains at all times Full Access to his/her Trading Account, the Client shall be solely responsible to manage his/her account and, at his/her sole discretion, close or maintain the said positions, in accordance, in particular, with paragraph 14.7.2 and 14.10 herein.

14.9. Fees and Costs

14.9.1 When you place a copy trade, the Company will charge you fees on the same basis as those charged to you if you were trading the account yourself. Please refer to the Schedule which applies to the underlying product that you are copying for more information on the fees and costs associated with that copy trade.

14.9.2 Please also refer to clause 18 of the General Terms and Conditions for more information on our fees and costs.

14.10. Liability

Subject to Applicable Law, neither the Company nor any affiliates or associate third parties will be liable for any losses arising from:

- a) actions taken by us in order to carry out your written or spoken instructions.
- b) decisions or actions taken by a BDSwiss trader that you have chosen to copy and/or
- c) specific investment decisions or actions taken or omitted in good faith by any copied account strategy.

14.11 Termination

14.11.1 At all times, the Company reserves the right to stop the Partner/Master from offering Copy Trading to his/her Clients/Followers, at its sole discretion, if the Company identifies or reasonably suspects any breaches, violations, wrongdoing, deception, fraud or other forms of abuse or fraudulent behaviour in the Partner's trading activity. In this event:

a) If the Partner was offering Copy Trading without a Performance Fee (as sets out in paragraph 14.7.6):

I. The Company shall inform the Followers via email to his/her registered email address or otherwise, that the Provider is no longer providing Copy Trading Strategy.

II. The Company shall Inform the Partner that he/she has been stopped from providing Copy Trading and the Partner shall be disabled from enabling his/her Account(s) to provide Copy Trading.

In the same way, we shall not compensate you for any losses incurred by you as a result of you using the said funds. The claim for the full amount shall remain.

18. CHARGES

18.1. Taking into account the overarching obligation to act in accordance with the best interest of clients and the importance of informing clients of all costs and charges to be incurred, this information is available at the Company's Website. The Client is solely responsible for requiring clarifications from the Company in relation to the above, if necessary.

18.2. By accepting the Client Agreement, the Client has read, understood and accepted the information available on the Company's Website, in which all related spreads, charges, margin, interest and other rates are explained. Inducements

18.3. The Client should note that not all charges are represented in monetary terms; for example, charges may appear as a percentage of the value of a CFD; therefore the Client needs to ensure that he/she understands the amount that the percentage amounts to.

18.4. The Company shall refer to any commission/inducement obtained, in consideration for the transmission of Clients Orders for execution to the Execution Venue and disclose information in relation to these commissions to the Client either on its website and/or by email as provided by Applicable Regulations. At least once a year, the Company must inform its clients on an individual basis about the actual amount of payments received.

19.2. In the event that a negative balance occurs in the Client's Trading Account due to Stop Out, the Company will make a relevant adjustment of the full negative amount so as to the Client not to suffer the loss as per our Negative Balance Policy.

19.3. Before you are allowed to enter into a Transaction, you will generally be required to deposit money with us (known as "Margin"). This Margin will be calculated as a proportion of the overall Transaction value. This means that you will be using 'leverage' or 'gearing' and this can work for or against you. For example, a small price movement in your favour can result in a high return on the Margin placed for the CFD, but a small price movement against you may result in substantial losses.

19.4. We are not obliged to make a Margin Call and you are responsible for maintaining appropriate arrangements with us at all times for the communication of Margin Calls. Any open position is deemed to be at risk of being closed as soon as the account enters into a margin call. It is your responsibility to monitor, at all times, the funds available in your Trading Account to cover any Margin required as a result of your trading decisions.

19.5. In order to open a Transaction for an Underlying Asset, you undertake to provide the Initial Margin in your Trading Account. In order to keep a Transaction open, you undertake to ensure that the amount in your Trading Account exceeds the Maintenance Margin. You acknowledge that the Margin for each Underlying Asset differs and may be changed by us in our sole discretion from time to time.

19.6. Deposits into your Trading Account can be made by wire transfer or another method of payment, to a bank account, or other location, as we may notify to you from time to time. Based on the amount of money you have in your Trading Account, we retain the right to limit the amount and total number of open Transactions that you may wish to open or currently maintain on the Trading Platform. It is understood that each different type of Trading Account offered by us from time to time may have different Margin Requirements.

20. PAYMENTS AND SET-OFF IN THE TRADING ACCOUNT

20.1. It is possible that other costs, including taxes, relating to transactions carried out on the Trading Platform may arise for which you are liable, and which are neither paid via us nor imposed by us. Without derogating from your sole and entire responsibility to account for tax due, you agree that we may deduct tax, as may be required by the applicable law, with respect to your trading activity on the Trading Platform. You are aware that we have a right of set-off against any amounts in your Trading Account with respect to such tax deductions, and you hereby authorize us to withdraw amounts from your Trading Account with which to pay such taxes. You shall have no claim against us with regard to such deductions. You further agree that such deductions do not derogate from our rights to make Margin Calls under this Agreement.

26. RISK DISCLOSURE STATEMENT

26.1. This Statement is based on the provisions of the Seychelles Securities Act 2017. It should be noted that this Statement does not purport to disclose or discuss all of the risks and other significant aspects of all transactions entered into with or through the Company. We outline the general nature of the risks of dealing in Financial Instruments on a fair and non-misleading basis. Therefore, you need to ensure that your decision is made on an informed basis and as a minimum you should be taking into consideration all the following disclosed below.

26.2. Trading is very speculative and risky. Contracts for Difference ('CFDs') are complex financial products, most of which have no set maturity date. Therefore, a CFD position matures on the date you choose to close an existing open position. CFDs, which are leveraged products, incur a high level of risk and can result in the loss of all of your invested capital. Trading in CFDs is highly speculative and therefore is suitable only for those Clients who (a) understand and are willing to assume the economic, legal and other risks involved, (b) are

financially able to assume the risk of losses up to their invested capital and (c) understand and are knowledgeable about CFDs and the underlying assets. The Client represents, warrants and agrees that he/she understands these risks, is willing and able, financially and otherwise, to assume the risks of trading in CFDs. Before deciding to trade, a client should ensure that he understands the risks involved and take into account his level of experience, and if necessary seek independent advice.

26.3. Risks Associated with Transactions in CFDs When trading in CFDs you need to take into account the following main risks:

- CFDs are leveraged products; therefore, they carry a higher level of risk to your capital compared to other financial products and may result in the loss of all of your invested capital. However, it should be noted that the Company operates on a 'negative balance protection' basis; this means that you cannot lose more than your initial investment.
- The value of CFDs may increase or decrease depending on market conditions, and the potential for profit should be balanced alongside the significant losses that may be generated over a very short period of time when trading CFDs.
- CFD trading, unlike traditional trading, enables you to trade the markets by paying only a small fraction of the total trade value. However, this entails that a relatively small market movement may lead to a proportionately much larger movement in the value of your position. The Company offers flexible leverage.
- The Client needs to make sure that he has sufficient margin in his trading account, at all times, in order to maintain an open position. In addition, the Client needs to continuously monitor any open positions in order to avoid positions being closed due to the unavailability of funds; it should be noted that the Company is not responsible for notifying you for any such instances.

27. CONFLICTS OF INTEREST

The Company is the counterparty to all transactions entered into under the Client Agreement and, as such, the Company's interests may be in conflict with the Client's. The Conflicts of Interest Policy is available in the Website. Prices are set by the Company and may be different from prices reported elsewhere. As such, they may not directly correspond to real time market levels at the point in time at which the sale of options occurs.

28. GOVERNING LAW & JURISDICTION

This Agreement shall be governed by and construed in accordance with the laws of the Comoros Union and each of the parties irrevocably agrees that the courts of the Comoros Union shall have jurisdiction to settle any suit, action or other proceedings relating to this Agreement and waives any objection which it may have at any time to the laying of venue of any proceedings brought in any such court and agrees not to claim that such proceedings have been brought in an inconvenient forum or that such court does not have jurisdiction over it.

29. PRIVACY

Any personal information provided by the client to the Company will be treated as confidential and shared only within the Company and its affiliates and will not be disclosed to any third party except under any regulatory or legal proceedings. In case such disclosure is required to be made by law or any regulatory authority, it will be made on a 'need-to-know' basis, unless otherwise instructed by the regulatory authority. Under such circumstances, the Company shall expressly inform the third party regarding the confidential nature of the information.

Without limiting the foregoing, the Company, a regulated Firm, is required to comply and has taken all reasonable steps to be considered in compliance with the Foreign Account Tax Compliance Act (FATCA) and the Common Reporting Standard (CRS). The Client may contact the Company for additional information and/or clarifications prior to the signing of this Agreement. The Client acknowledges and accepts that the Company, is required to disclose information in relation to your tax residency to the relevant authorities, as per the reporting requirements of CRS and FATCA.

30. SWAP FREE ACCOUNT

30.1 The Company's Swap Free Account allows swap free trading in compliance with the Sharia Law, which means traders can trade on a Swap Free Account without being charged overnight fees. The Company's Swap Free Account is completely swap free for as long as the account is open and is only available for traders of the Muslim religion and should only be requested on the grounds of religious belief.

30.2 By submitting a Swap Free Account request and following its approval, all of the Client's MT4 accounts shall have the Swap Free Account status (No Swaps).

30.3 For the opening of a Swap Free Account, evidence of religion must be presented. Swap Free Account holders cannot open another accounts type. The Company maintains the right to limit trading if there is evidence of manipulation.

30.4 The Company reserves the right to decline a swap Free Account request, without providing any explanation/justification to the Client.

30.5 The Client further acknowledges that swap free applies for 10 calendar days only. Therefore, swap free accounts holding a position open for more than 10 calendar days, will be credited or debited swap accordingly.

30.6 The Company reserves the right to disable and/or enable swap free trading for Client's trading account and/or reverse any cumulative profits derived from the said trading at any given time and/or retrospectively charge the waived swap fee. This can occur at times where there is suspicion of swap abuse aiming at generating riskless profit where the Client abuses the Company's trading conditions/systems or where the Client's trading strategy imposes a threat to the Company's trading facility or where the Company deems necessary in order to protect the smooth operation of its trading facility.
